Hospitality Technology 酒店科技

The use of contactless and self-service technology became increasingly popular during COVID era, and is expected to retain as a long-term trend even after the pandemic. These technologies can provide comfort and control to hotel guests, and also help hotels to serve guests in a more efficient manner.

非接觸式與自助服務科技在疫情期間漸漸成為主流，預計這種應用並不會隨著疫情改善而減退，反將成為長期趨勢。這些科技能夠讓住戶有舒適及掌控一切的感覺，亦可幫助酒店以更有效率的方式服務住客。

Hospitality Supplies 款待供應

Distinctive design and coziness are always in the recipe to create great hotel experiences. Also, as most tourists have not been travelled for a long time, they have high expectations to the design of hotels facilities.

獨特而舒適的酒店設計會為住客帶來超卓的體驗。此外，由於大部分旅客已有一段時間未曾出遊，他們對酒店的設計及設施都有著較高的期望。
